Dhruv Patel

has successfully completed the online Professional Certificate

Preparing for Google Cloud Certification: Cloud Data Engr

This six-course accelerated Professional Certificate is designed for data professionals who are responsible for designing, building, analyzing, and optimizing big data solutions. Learners carried out serverless data analysis and productionize machine learning models. Learners integrated prior technical skills into practical skills for the job role of a Data Engineer.

Google Cloud Training

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
